Dear Valerie:

It has been a pleasure working with you, and finally meeting you I cannot thank you enough for helping me out of a couple of real nightmares, and I hope you will feel free to ask the same of me should the need arise.

I received your package of information and was very impressed. That and the fact that you showed up when you said you would place you head and shoulders above pretty much everyone else in my book! I have enclosed a little information about us and our work for your information.

I have also enclosed a bill for the Ribot and Weinstein residences, which can be paid to me when the work is complete and the customers have paid you in full.

I look forward to our next projects with you, and to a long and successful business relationship.

Very truly yours,

Cassandra

LOVE, LOVE, LOVE IT!!!
Valerie, I am so pleased with my new garden. It is wonderful. Your crew was so neat and professional. It looks like no one was even in my basement! They were very nice.
I remember us talking about a "bench" to put back there. Was that something that you were going to provide, or something I have to purchase?
Let me know when you are going to stop around, or if I should send you a check in the mail.

Dear Valerie and Jason,

We are writing to once again thank you for a magnificent job. There are not enough superlatives to describe the professional and thorough work you did for us on our home. You transformed a neglected and unlovely yard to an urban oasis which continually enhances our every day lives.

Being in the business of housing, we have had the opportunity to work with many different contractors. You and your crew are surely the industry gold standard. You consistently did exactly what you promised you would exactly when you promised to do it. In a perfect world all contracting experiences would be as stress-free.

We will continue to sing your praises to every home and business owner we know and look forward to working with you again.

Sincerely,

Jon and Rita

Valerie,

Got your final invoice, and the check is in the mail. Just wanted to let you know that I was very impressed with your crew – your guys delivered on the schedule promised, cleaned up after themselves, were thorough and efficient and did a beautiful job with the field stone and masonry. Jason was really on top of things and kept me well-informed of the progress or any delays. I feel it was definitely money well spent, and can't wait to see how the plants fare in the spring.

Thanks,
Marisa

Val, I had seen that article and thought it was great. I think I forgot to mention it to you. I'll send it to my friends and neighbors and maybe stir up some business for you.

The yard is almost done and looks TERRIFIC! Diana is very, very pleased and excited! Thanks for all your help and attention (even though you had so much else going on). And Valerie D. was/is very helpful too!

I talked to Valerie D. about maintenance (trimming the hedge at the end of June, fall and spring clean up, etc.) and she said that you two would let me know who to contact and how to proceed on that.

And lastly, will you send me a final bill? (I have the agreement somewhere but I'll have to search for it.)

Thanks again! You, and Jason, and your workers are terrific!!!

Larry

Hi Valerie. I got home from my travels last night to find a wonderful surprise in my backyard. It looks absolutely beautiful!!

I don't know if there is anything left to do – if not, please let me know what the final billing is.

As I said last week, your guys did a fabulous job, very professional and respectful of both my property and that of my neighbors.

Thanks again.

Just wanted you to know how pleased we are with the backyard. It looks great and will only look better and better as it "matures". I also wanted to say that it was a pleasure working with your entire crew. They were not only extremely pleasant to work with, but most considerate of our house, etc.

We are taking good care of the plantings. The recent rain has been especially well timed! There is one hydrangea that looks somewhat diseased – holes in the leaves and very small snail like shells affixed to the underside of its leaves. Not sure if this is something to be concerned about or not? I am also a little worried about the tree in the northwest corner. Maybe it is just its "Fall Look" -?? Don't know. It has perked up a bit since being planted. We will stick to the watering schedule and hope for the best.

Thanks again. It has truly been a pleasure working with you.

Sincerely,

Pat and Harold

Just wanted to say that the guys did an AMAZING job on my garden. It's completely unrecognizable and so well done. I watched these guys work every day... the way they work together, their attention to detail, and their excellent work ethic, is really something to behold.

Also thanks to Val D who really listened to my likes/dislikes and used her expertise to bring it home with a perfect selection of plants.

It much be a pleasure to work with such a great team and I'm happy to have benefited from it. I'll wait to hear from you about the planter for the lilac bush (whenever that comes in) and what my final bill came out to be.

They took pictures before they left but I'm attaching a few that I just took.

Thanks,
Rudy

WE LOVE OUR BACK YARD!!
Valerie and Jason,
Thank you for creating such a beautiful outdoor space for our family. We spent the last 2 nights out here barbecuing, socializing/drinking and enjoying making s'mores on the fire pit. You did a fantastic job and exceeded our expectations. We truly appreciate it. Also on a positive note - whatever the substance was that was applied to the granite yesterday seems to have revealed that there is no crack near the outlet. It must have been hardened gunk that appeared to be a crack. I don't see it anymore.
Thanks again for such doing an outstanding job on our yard. We look forward to enjoying it for years to come.
Best,
Frank
